Blow Up a Train. REPUBLIC SPECIAL. Medora, Ill., Sept. 8.-What is believed to have been an attempt to destroy a train on the Chicago, Peoria and St.

Louis Railway was frustrated yesterday by the finding of a stick of dynamite of sufficient quantity to shatter half a town. The explosive, which was placed between the ties of the track, was dising home.

Whether the explosive was placed on the track by robbers is not known, but the theory that it was is given credence, since two suspicious looking strangers have been seen for several evenings in the neighborhood of the place where the dynamite was found.

## PLINY SOPER DOES

Admits He Is Interested in Land and Development Companies of Indian Territory.

ARE NOT IN HIS DISTRICT.

Declares They Are Doing Legitimate Business So Far as He Knows - Charges Against Many Federal Officials.

14th St. and Pennsylvania Ave. Washington, Sept. 8.-Pliny L. Soper, United States attorney of the Northern listrict of the Indian Territory, in reponse to a request from the Department of Justice for a statement about the charge that he is interested in companies ngaged in leasing and releasing Indian lands to the detriment and loss of the In-dians, has written admitting that he is interested in af least one company of the kind, that is said to be wrongly in operation, but declaring that the company with which he is connected is not in operation In his own judicial district, but in the southern district of the territory.

Mr. Soper also admits a connection with other concerns doing business in the Territory, it is understood, but declares that they are legitimate business institutions. One of these is an oil company, it is un-

Mr. Soper tells the Department of Justice that he is connected with the Tribal Development Company of Tishomingo, and says that this company operates entirely in the Southern Judicial District of the Territory. So far as known to him, Mr. Soper alleges, the company does a perfectly legitimate business in the handling of Indian lands. At least, he is not aware of anything to the contrary, and would not ontinue his connection with it if he considered that there was anything improper

Mr. Soper points out that the fact that he Tribal Development Company is entirely out of his legal sphere of action would demonstrate that he is not assoclated with a concern against which he might be called upon to enter and con-

take no action at this time on the statement of Mr. Soper, but will merely refer the document, together with all the other agents who are now in the Territory. Only one agent was at first sent out, but another one was added, and it is now stated that this force will be further increased. SWEEPING INVESTIGATION IS NOW CONTEMPLATED.

It is the intention of the department not to stop at the cases of Soper and Benjamin H. Colbert, Marshal of the Southern District, who is charged with the same offense, but to make a sweeping investigation of every officer in the Territory who is in the department. To do this will take time and the services of a number of shrewd men. The department declines to in the Territory or of the additional ones to be sent there, but admits that more men are to be sent and that the investigation will not stop at one or two, or

even three or four, men. The men mainly interested in such a sweeping investigation, therefore, are Pliny L. Soper, United States Attorney of Pliny L. Soper, United States Attorney of the Northern District; William M. Mellette, attorney of the Western District; John H. Wilkins of the Central District and William B. Johnson of the Southern District, William H. Darrough, Marshal of the Northern District, and Leo E. Bennett. Benjamin A. Hackett and Benjamin H. Colbert, Marshals of the Western, Central and Southern districts, respectively.

These eight men are the leading Republican politicians of their Territory, but this will not stop a thorough investigation and a full report to the department, which in turn will be submitted to Fresident Roosevelt.

in turn will be submitted to President Roosevelt.

One of the men involved was a soldier with President Roosevelt in the Rough Riders and is a personal friend of the President. This is Benjamin H. Celbert, Marshal of the Southern District. He was a private in the Rough Riders, and when the President come into office and had an opening in the Territory he remembered Colbert and put him in the best place at his disposal.

So far the department has received no statement from Celbert in response to a request for information from Heas to the accuracy of the charges against him. He is located in the district which the Tribal Development Company is said by Mr. Soper to do its business and it is not known whether Mr. Celbert is interested in this company.

company. CHARGES AGAINST MANY

FEDERAL EMPLOYES IN TERRITORY. Charges for some time have been pending in the department against Leo Bennett, Marshal of the Western District, alleging that he and other officials divided the profits from the feeding of prisoners in his district. The allegation is that at times this profit was large and that Mr. Bennett received his share. Similar charges have been intimated

against other officials in the Territory and, therefore, the department has its hands full and its field will not be confined to any particular class of charges. It must go over many different kinds of al-legations. Doctor Bennett has been a po-litical power in the Territory for a long time.

time.

It is stated that so far the developments have not been of such a character as to warrant the peremptory dismissal of any official of the department in the Territory. This step would not be taken unless the facts are received to warrant it. What may develop hereafter is an unknown quantity. When everything is in, the papers will be submitted to the Attorney General and a recommendation for action submitted to the President in whose hands the dismissal of any of the eight men who have been named will rest. All of the men are persidential appointees and, if there are dismissals, they must be made by him.

A MARVELOUS ACCOMPLISHMENT.

A noted New York chef, in speaking on the subject a few days ago, said: "Did you ever stop to think what it

"Did you ever stop to think what it means to serve from fifty to 125 people a meal in a dhing car? The necessarily small space in which the meal must be prepared, the rapid manner in which it must be served, the fact that all the time the train is running at a high rate of speed, and that the diners are moving in and out of the dining car, in the very limited space allotted for the waiters to serve the meal, all add materially to the difficulty of the situation.

"In looking over a dinner menu in use on the New York Central's Twentieth Century Limited, I was surprised to find that this dianer would cost, at any first-class hotel in New York, between 4 and 5. Of course, all of the dishes on the menu would not likely be ordered by any one person, but the fact that each patron has the entire menu to order from is the foundation for my estimate of what the dinner would cost in New York.

"Among the dishes served on the day I examined the menu were green turde soup, shad, fresh mushrooms, spring lamb, teal duck, fresh tomatoes, strawberrry shortcake, efc."—From the Brooklyn Standard Union.

Charles A. Juengel, florist, of 1837 to 1847 South Fourteenth street, says: "Every morning when I went to get out of bed, and for an hour or two was very observable. Later in the day it was only noticeable when I stooped or brought any strain on the muscles of the back, or caught cold in the loins. It annoyed me for a year. I was told one day that there was something wrong with my kidneys, and this led me to go to Wolff-Wilson's, corner Sixth and Washington avenue, for Doan's Kidney Pills, and take a course of treatment. After three weeks I did I discontinued the medicine, Since then I have not noticed a recurrence."

#### SHENANDOAH AVENUE.

Fred Langenbach, accountant, 4149 Shenandoah avenue, says: "I have asked more than one of my neighbors and acquaintances to go to the Wolff-Wilson Drug Company for Doan's Kidney Pills.
